Introduction

This booklet has been produced by Medway Council Public Health and partners on behalf of the local Health and Wellbeing Board to provide information to older people about the support that is available and events that are happening in the community in Medway.

We know that losing touch with social opportunities can happen sometimes and this booklet has been designed to help people stay connected to what is available for the over 55s in Medway.

As we get older, keeping active or connected to others within the local community can help maintain or improve our physical and mental health. This means we can enjoy our old age and get the most out of our senior years. We hope this booklet will be useful by letting you know what is happening in your local area and how you can join in. The Medway Citizens Portal www.mymedway.org additionally provides some information about activities available in Medway for older people. It is also the key website in Medway if you are looking for information about care services such as residential homes, medical equipment or personal homecare.

The booklet has been separated into specific headings so you can find the kind of thing you are interested in more easily. There is so much happening in Medway for older people that its impossible to capture everything in just a few pages, but the contact details provided will be able to link you up to exactly what you need, whether that’s a dance group, a lunch club, general advice about anything or perhaps someone to help you with transport to somewhere you already go to.
How do I start finding out what is in my area?
